

FAMB Federal PAC

The voice of Mortgage Brokers on Capitol Hill

Join the FAMB Federal PAC Congressional Club today!

FAMB Federal PAC, the Florida Association of Mortgage Brokers' Federal Political Action Committee, supports and educates candidates on legislative issues that affect your business. In the world of politics, an informed, engaged constituency can be a very powerful voice. Because of this, FAMB PAC encourages and facilitates the participation of the members of our profession in the electoral and policy-making processes. It does this by supporting candidates for federal office whose records and policy positions have demonstrated support of the policy goals of the Association in areas such as education, licensure standards, etc.

Legislation enacted by the federal government can have important consequences for members of the mortgage broker industry. We all know how expensive political campaigns have become and that money is the lifeblood of politics. It is a fact that contributors get access to decision-makers more readily than those who do not contribute money. Having money in the bank account gives our Association weight with lawmakers.

Join us as we strive to build the future of the mortgage broker professional. Your contribution to the FAMB Federal PAC as a Congressional Club Member is an investment in the future – the future of your profession, your business and yourself. The FAMB Federal PAC is your best insurance against poorly designed small business and commercial real estate legislation.

Please consider a contribution to the FAMB Congressional Club. You may contribute monthly or pay once annually by personal check. We look forward to your support and participation in FAMB's political activities.
